

mail2web.com Becomes Member of Microsoft Gold Certified Partner Excellence Program

mail2web.com Further Distinguishes Itself by Earning Four or More Solutions Competencies in the Microsoft Partner Program

TORONTO-- -June 7, 2007--(BUSINESS WIRE)--mail2web.com announced that it has become a member of the Microsoft Gold Certified Partner Excellence Program. The program recognizes Canadian Microsoft Gold Certified Partners who have achieved four or more solutions competencies in the Microsoft Partner Program, as well as, the innovative solutions and value they bring to their customers.

Since 1997 mail2web.com specializes in SaaS (Software As A Service) model to provide collaboration and virtual office solutions. These services include; access to remote email from multiple platforms, turnkey self provisioning Microsoft Exchange and Microsoft SharePoint based solutions, worldwide accessible roaming dialup and Wi-Fi Internet access, cross platform and mobile instant messaging services, versatile and complementary virtual office enabling services including mobile communications, VoIP and satellite communications. All of these services are enabled on mobile devices such as BlackBerry handhelds, all Microsoft Windows Mobile Devices, Microsoft ActiveSync compatible devices including Nokia, SonyEricsson, Motorola, LG, Samsung and HTC brands. These services are also accessible by all personal computers over any connection type. mail2web.com expends its services to 16 million customers in 220 countries with support for 26 languages.

“We are extremely pleased to be a part of the Microsoft Gold Certified Partner Excellence Program. Our membership allows us to clearly promote our expertise and relationship with Microsoft to our customers,” said Tony Yustein, Executive Chairman. “The benefits provided through the program will allow us to continue to enhance the offerings we provide our customers and showcase our unique capabilities in Microsoft Competencies.”

mail2web.com had to achieve four or more solutions competencies within the Microsoft Partner Program in order to qualify for the Microsoft Gold Certified Partner Excellence Program. Microsoft Competencies are designed to help differentiate a technology partner’s capabilities with specific Microsoft-based technologies to customers looking for a particular type of solution. Each competency has a unique set of requirements and benefits, formulated to accurately represent the specific skills and services that technology partners bring to the industry.

“Accompanied by valuable training and business development resources, Microsoft Competencies provide technology partners with a competitive edge in the marketplace,” said Lora Gernon, Director of Partner Group, Microsoft Canada Co. “We are pleased that mail2web.com is a part of the Microsoft Gold Certified Partner Excellence Program, showing their dedication and expertise in providing customer satisfaction using Microsoft products and technology.”
